## VERY COOL PEST STOPPERS!

### BILL SEZ...

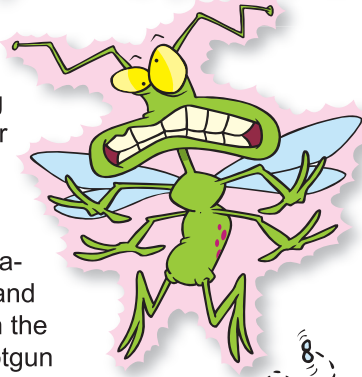

We offered this amazing Bug-A-Salt Camo Fly Killer Salt Gun, a pump action table salt shotgun on our Father's Day ad, where it was a big hit. Around our table, flies understandably land on and around the food on the table or sink. With this shotgun you can kill them anywhere without fear of soiling food or spreading poison!

Lucerne Valley's favorite Country Vet Flying Insect Kit releases a small dose of harmless Chrysanthemum flower extract that is deadly to flying insects. These coveted devices keep rooms fly free!

Then there's the one-acre electric Bug Zapper that attracts flying insects with its black light and then instantly sends them to fly heaven!

When flies land on screens, I hate to swat them with a fly swatter for fear of hurting the screen.

So, I place the Racquet Zapper on top of them. They often hold still, so I swing my free hand over the racket that startles them to take off and they go ZAPP! on the electrical grid and disintegrate! VERY satisfying!
